Message from Vice Chancellor

My Dear students

We are currently in the middle of another wave of COVID-19 pandemic. The last year had been tough for all of us and we had to live our daily life with various precautions like wearing a mask, maintaining social distancing and washing hands continuously. This year our Government has been making constant efforts for nationwide vaccination drives amongst various age groups and persons with morbidities.

Similarly, it is us who will be the first line of defence against this pandemic. This time also, our collective effort will decide the next course of this pandemic. Therefore, we have to be safe. Even when one of us is not safe, then it will make all of us unsafe. We must remember that it becomes our collective responsibility to prevent ourselves by following all COVID guidelines by maintaining COVID appropriate behaviour to keep everyone around us COVID free.

I appeal to all of you to continue with your efforts with the same zeal and enthusiasm in facing the pandemic. Your strength, motivation and faith has been exemplary, keep it up.

We are together in these difficult times and I assure you of every possible support from the University. You can reach out to me through mail at vco@aud.ac.in

God Bless you and your family!

Prof. Anu Singh Lather
Vice Chancellor, Ambedkar University Delhi
