

Foundation Day Greetings

Foundation Day greetings to everyone!

It is indeed a moment of great pride and also an occasion to reiterate pledge and dedication towards AUD's vision and mission. AUD has completed 12 years of existence today and the university has earned a reputation amongst the few most sought after new universities in the country in the field of Social Science and Humanities.

In these unprecedented times, we are experiencing the growing anxiety around the pandemic and the extraordinary challenges the world is facing today. Congratulations to all the Deans and faculty members for adopting measures to ensure that the students stay motivated and positive by being in touch with the students through digital means.

Our students have shown commendable resilience, restraint and understanding during this challenging and stressful time. We must ensure that we continue to support the students as best as we can in this unprecedented time.

Not to forget the immense contribution of our non-teaching staff, officers, safai karamcharis and guards who worked tirelessly for keeping the university operational in such a challenging time.

From here on, however, we have to work strategically on a road map for our next decade which is going to be decisive in terms of the direction it takes and the new horizons that it creates under the guidance of the New Education Policy.

I am absolutely sure that with your commitment, support and contribution, the brand AUD will scale new heights in years to come. I wish to assure you that positive and productive ideas will be nurtured and encouraged. I extend my warmest greetings on this occasion.

My Best Wishes to All !!!

Prof. Anu Singh Lather
Vice Chancellor
